About Us:

Leela's Foundation for Education & Health is a section 25 Company Registered under Act-1956. and Involved into the Basic Sector of Education, Vocational Education & Healthcare. Since Inception company is Poring its Values & Services for the Empowerment of Youth through its different Skilling Program Either Govt. Funded or Self Initiated by the Company Based on the Vision of :

NE3 - " New Era Educations & Entrepreneurship"

Leela's Universes For Vocational Education & Entrepreneurship

From the Desk of CEO

Vocational Education and Training (VET) is an important element of nation's education initiative. In order for Vocational Education to play its part effectively in the changing national context and for India to enjoy the fruits of the demographic dividend, there is an urgent need to redefine the critical elements of imparting vocational education and training to make them flexible, contemporary, relevant, inclusive and creative. The Government is well aware of the important role of Vocational education and has already taken a number of important initiatives in this area. The objective of this note is to assess and describe the need for introducing Vocational education at higher and tertiary levels and for establishing a Vocational University. The note also summarizes the present Indian and International Vocational Education scenario and its problems. The note also puts up recommendation for policies with the need for implementation at state and National Level and suggests possible models to introduce Vocational Educational at the higher/tertiary levels. For a complete Involvement of Indian Youth to the Indian Economy their Livelihood is Needed through Vocational Education, Skill Enhancements and Employment as well as Motivations for Entrepreneurship among them. The initiative of Leela's Foundation for Education is based on its Confident Theory of “NE3- New Era Education & Entrepreneurship”.

Santush Misshra

From the desk of Director

Our academic rigors is one among the best known in the industry; blending curriculum and industry expectations through various Diploma & Post Diploma courses in Healthcare & Pharma, Beauty & Wellness and Teacher's Training. We believe in the fundamental dignity of each individual. We believe that educational excellence helps to develop understanding, reasoning and thinking skills. It also helps to instill a life-long appreciation for learning and helps foster a sense of moral and ethical behavior. The college has already initiated Professional activities among the students and also encouraging students to go undergo Professional training at companies of repute. We at Leela's Foundation, constantly think and strive to make the ways for the betterment of our budding students, so that they get the best exposure to face the challenges of tomorrow. The development that we are eyeing on is not only in Academics but also in Extracurricular and Co-curricular activities in real sense.

Archana Mishra
